

SCHEDULE 2

GENERAL TEMRS AND CONDITIONS

1 INTRODUCTION

- 1.1 These general terms and conditions (“General Terms and Conditions” or “GTC”) shall apply to Languagewire A/S’ (“Supplier”) provision of translation services delivered as software-as-a-service (“Service”) to its customers (“Customer”).
- 1.2 The General Terms and Conditions forms an integrated part of the Agreement (as defined below) entered into between Supplier and Customer. In the event of conflict between the provisions of the General Terms and Conditions and the Agreement the latter shall prevail.
- 1.3 “Agreement” means any agreement between Customer and Supplier regarding Suppliers’ provision of the Service to Customer, regardless of medium and method of entering into the Agreement and whether signed, confirmed by e-mail or otherwise legally formed.
- 1.4 Supplier may amend the General Terms and Condition from time to time. Such changes will occur and have effect with a notice to Customer in accordance with Clause 1.5.
- 1.5 Supplier will give Customer a reasonable notice period of at least two (2) months in order to inform Supplier whether or not Customer will accept the changes to the General Terms and Condition. If no such information is given to Supplier

within this period, which shall commence as from the notice of change is sent by Supplier, the modified GTC shall be deemed accepted by Customer.

2 THE SERVICE

- 2.1 The Service is developed and owned by Supplier and is an electronic internet-based application that shall assist Customer with translation. Customer is given access to the Service in accordance with these GTC and the Agreement.
- 2.2 Customer will be granted access to Service through a browser or via the platform (“Languagewire Content Platform”).
- 2.3 The functions and services are exhaustively specified in the Agreement. The Agreement also specifies the requirements in relation hereto, including scope, quantity, and quality as well as any specific expectations hereto. No other services, such as consulting, further development, implementation or training will be provided, unless expressly set out in writing in the Agreement.
- 2.4 The Service include support only to the extent set out in the Agreement. Unless otherwise expressly set out in the Agreement, no separate remedies will apply for Suppliers’ non-compliance with support service levels or obligation to provide support services.

2.5 All fees and charges for support services are included in the Service Fee (as defined in Clause 10.1) agreed to and set in the Agreement.

3 SERVICE STANDARD AND CHANGES IN THE SERVICE

3.1 The Service is a standard service without any customization to Customer. The Service is provided “as is” without warranty of any kind. Supplier explicitly disclaims all warranties of fitness for a particular purpose. Supplier does not warrant that the Service will be error-free or that the Service will work without minor interruptions.

3.2 The Service may at the sole discretion of Supplier be subject to changes from time to time, including by addition or removal of features. Such changes may occur without notice, however, Supplier will use reasonable efforts to notify Customer in advance. In addition, Supplier is entitled to provide new versions or updates to the Service.

4 THE LICENSE

4.1 Subject to payment of the Service Fee (as defined in Clause 10.1) Customer is within the term as set out in the Agreement (“Term”) granted a non-exclusive, non-assignable license to access and use the Service as well as the software included in the Service for internal purposes of Customer and at the terms set out herein. The license is granted to a such number and individually users designated by and employed with Customer and as further set out in the Agreement (“End Users”). Others than End Users set out in the

Agreement cannot be granted access to the Service.

4.2 Customer and the End Users shall not be permitted to use or access the Service in any other way or format than as provided by Supplier.

5 AVAILABILITY

5.1 Supplier will provide an annual average uptime of availability on for the Service of 99.5 %. The availability calculation excludes any downtime for planned downtime and any unavailability caused by external events, including but not limited to short-term and unfounded increase in the number of translation requests by Customer which requires an unplanned increase in system capacity and force majeure circumstances.

5.2 Subject to the exceptions in Clause 5.1, availability shall be calculated as the number of hours of the Services are functional, divided by the total number of hours within the respective calendar year.

5.3 Supplier will use its best efforts to correct any incidents, but expressly disclaims any legal obligations to do so, as stated above.

6 DELIVERY

6.1 Delivery of the Services is deemed to have taken place once the Service is made available to Customer through the browser or LanguageWire Content Platform.

7 CUSTOMER’S RESPONSIBILITIES

7.1 If the Customer experiences any service outages, delays, unavailability, loss of data or incidents in general, the

Customer must immediately report such incidents to Supplier using the contact details designated on the browser or LanguageWire Content Platform.

7.2 The Customer and its End Users are required to maintain personal log-in data and/or password secure and confidential at all times.

7.3 Upon Customers request, the Supplier shall add and remove additional End Users to the Service and assign access rights to the same, always within the license granted. For security and billing purposes it is important that any and all End Users are kept up to date. Supplier will not be liable for any inaccuracy.

7.4 The Customer is fully and directly responsible and liable for the acts and omissions committed by End Users.

7.5 The Customer shall indemnify Supplier for any damages directly and immediately resulting from non-compliance with the provisions of this Clause 7.

8 USE OF SUB-SUPPLIERS

8.1 Supplier may use sub-suppliers in the performance of the Services.

8.2 Supplier is responsible for the Services performed by a sub-supplier, as if provided by Supplier itself.

9 THIRD PARTY SERVICE

9.1 The Services may include services from a third party, typically in the form of standardised services or products such as operating environments, online services, platforms, software, data, documentation, or other such services (“Third Party Services”).

9.2 Third Party Services are subject to the third party’s applicable service terms/licence terms provided to Customer, e.g. as part of the Agreement, by reference, as part of a software product or otherwise. All provisions of third party’s terms, including rights of use and limitations of liability, takes precedence over the Agreement, and are deemed accepted by Customer as part of Customer’s acceptance of an Agreement for Services, which include Third Party Services.

9.3 Notwithstanding anything to the contrary, Supplier assumes no liability of any kind for any Third Party Services, including concerning availability, functionality, or defects; Third Party Services are delivered strictly “as is”. Supplier’s sole responsibility is to forward to the third party or distributor hereof any defect report received by Customer. For the avoidance of doubt, the third party providing the Third Party Services is not considered a sub-supplier.

10 SERVICE FEE AND PAYMENT

10.1 The Customer’s use of the Service is subject to payment of a fee per End User during the Term and as set out in the Agreement (“Service Fee”).

10.2 Withholding taxes, VAT, costs relating hereto and other taxes imposed on payments to Supplier under the Agreement (if any) shall be added to the Service Fee and paid by Customer.

10.3 Supplier is entitled to invoice Customer monthly in advance for Service Fee and the invoice will be emailed to the e-mail address designated by Customer in the

- Agreement. Customer shall pay Supplier's invoices fourteen (14) days after receipt.
- 10.4 If Customer fails to pay a correctly issued invoice by the due date for payment, Supplier is entitled to interest on overdue payments in accordance with applicable law.
- 10.5 Supplier reserves the right to withhold or suspend the Services if the Service Fee is delayed or not paid, but only if Supplier has given at least 8 days prior written notice and the delayed Service Fee has not been received by Supplier in full within the notice period.
- 10.6 The Service Fee (and any other charges pursuant to the Agreement) will be annually adjusted subject to Suppliers notice hereof to Customer.
- 10.7 Changes due to external and internal circumstances, including in relation to currency rates, charges for insurance, prices change in prices for third party services, increasing resource, increasing maintenance cost etc. permit Supplier to further adjust its charges by the net impact of the changes without prior notice.
- 11 INTELLECTUAL PROPERTY RIGHTS**
- 11.1 Customer recognizes that Supplier holds all copyrights and any other intellectual property or industry rights in and to the Service, including but not limited to the code to the software. This also applies to any changes, adjustments etc. to the Service. The Customer shall respect Supplier's rights and the Customer shall be responsible for any breach of such rights, including unauthorized passing-on of the Service to a third party.
- 11.2 Customer shall not reverse engineer, disassemble or decompile the Service, except where and only to the extent that such operations are permitted according to the applicable mandatory, statutory legislation and Customer shall comply with that legislation in all respects.
- 11.3 Customer shall not be entitled to sell, lease, lend, permit the use of or in any other way assign or pass on the right of use of the Service to any third party, unless set out otherwise in the Agreement.
- 11.4 Customer shall not break or change any codes. Nor shall Customer change or remove any marks and/or notices concerning copyright, trademarks or other rights, or references hereto stated in the Service or on the medium upon which the Service may have been delivered.
- 11.5 In the event that Customer uses the Service contrary to the terms of the Agreement Supplier may terminate the Agreement for material breach immediately and without notice.
- 11.6 All intellectual property rights to information, data and other material provided by Customer to Supplier or processed by the Supplier in performing of the Service ("Customers Content") shall remain the exclusive property of Customer.
- 11.7 Customer grants Supplier a non-exclusive worldwide right to use Customer Content solely in order to provide the Services to Customer. In particular, Customer grants to Supplier the right to temporarily store, modify, process, translate and transmit

- Customer Content, and to sublicense the foregoing rights to its subcontractors or third parties, to the extent required to provide the Services.
- 11.8 Supplier does not assume any copyrights to the outcome of using the Service (i.e. the translations carried out by Customer using the Service). If the translations made by Customer using the Service are deemed to be protected under copyrights laws to the benefit of Supplier, Supplier grants to Customer, upon creation of such translations all exclusive, transferable, sublicensable worldwide perpetual rights to use the translations without limitation, including the right to modify the translations and to create derivative works.
- 12 AUDIT**
- 12.1 Supplier shall have the right to verify Customer's compliance with the Agreement at any time and without notification. Such verification may be in the form of accessing the Service and records contained therein. Customer shall provide Supplier with reasonable assistance in its verification efforts.
- 12.2 Without prejudice to any other remedies available to Supplier, if Customer is not correctly licensed, Supplier shall be entitled to demand twice payment of the additional Service Fee for the period Customer has not been correctly licensed.
- 12.3 Neither Party shall be responsible for the other Party's costs associated with this Clause 12. Notwithstanding the foregoing, Customer shall be liable for such costs incurred by Supplier, if Customer is not in compliance with the Agreement.
- 13 INFRINGEMENT OF THIRD PARTY RIGHTS**
- 13.1 Notwithstanding generally applicable limitations of liability, Supplier must defend, indemnify and hold harmless the Customer pursuant to this Clause 13 for any claims submitted, or finally awarded to, a third party that the Service infringes the third parties.
- 13.2 Indemnification is conditional upon the Customer:
- a) promptly notifying Supplier of the claim, giving Supplier the option of taking over the defence hereof;
 - b) giving Supplier any reasonably requested information and cooperation and sole authority to defend and settle the claim; and
 - c) not making any statement which may prejudicially affect the chances of settlement or defence of the claim.
- 13.3 Supplier may at its sole discretion obtain a valid license to the infringed intellectual property rights or bring an end to the infringement by modifying or replacing the Services with a solution with materially the same functionality as the one infringing the third party's intellectual property rights.
- 13.4 Alternatively, Supplier may terminate the Agreement (or the part related to the infringing Services) with immediate effect against repayment of all payments received by Supplier within the most recent 12 months period for the terminated part of the Agreement,

- without the obligation to indemnify further loss or costs.
- 13.5 Suppliers obligations do not apply if the claim or adverse final judgment is based on:
- d) Customers non-compliance with the Agreement;
 - e) Customers integration of the Services etc. with a third party product, data or business process including third party add-ons or software; or
 - f) use of the Services etc. for purposes other than as intended and/or contrary to any instructions on use.
- 13.6 The remedies set out above shall be Customers sole and exclusive remedies for infringement of third party intellectual property rights.
- 14 LIMITATIONS OF LIABILITY**
- 14.1 Supplier's liabilities do not include (a) defects occurring as a result of installation, remedy or development performed by other than Supplier or as a result of Customer's use of the Service in conjunction with third-party accessories/software that directly or indirectly affect the functionality of the Service, (b) errors occurring as a result of alterations to or interference with the Service not carried out in accordance with Supplier's written instructions or acceptance, (c) errors occurring as a result of Customer's lack of training, as a result of the use of the Service in any other way than set out in the provided documentation, in accordance with good IT practice or due to Customer's negligence, its staff or any third-party and (d) failure to meet requirements or requests for functionality not expressly and clearly specified in the Agreement.
- 14.2 A party is not liable for any indirect or consequential damages suffered by the other party, including Customer's lost profits or savings, operating loss, loss of goodwill, or loss of data. Supplier's lost profits or revenues under the Agreement, increased resource spend or payment for surplus resources that are not possible to reallocate, are deemed a direct loss.
- 14.3 Supplier's aggregate liability in respect of any matters arising out of or in connection with the Agreement including with regard to art. 82(5) of the general data protection regulation, shall be limited to an amount corresponding to all payments made under the Agreement for the period of twelve (12) months prior to the event(s) having given rise to the claim (the 'Liability Cap'). If twelve (12) months have not passed at the time of such event(s), the Liability Cap will be the average payments per month for the period passed multiplied by twelve (12). The Liability Cap shall in all circumstances be limited to a maximum of EUR 100,000.
- 14.4 Irrespective of the above, the parties liability shall not be limited or excluded in case of claims for infringement of intellectual property rights, gross negligence or willful misconduct.
- 15 FORCE MAJEURE**
- 15.1 The parties shall not be deemed to be in breach of any obligation to the extent

and for the duration prevented from performing the obligation due to a force majeure event.

- 15.2 Force majeure events include acts of God, war, mobilization, breakdown of telecommunication, external security events (e.g. hacker attacks, attack by computer viruses or other third-party destructive behaviour) and similar conditions (if the event is not the result of Supplier’s breach), health and safety restrictions and recommendations issued by public authorities, pandemics, epidemics, natural disaster, strikes, lock-out, fire, damages to production plant, import and export regulations and other unforeseeable circumstances beyond the control of the party concerned.
- 15.3 As soon as practicable after the affected party issues a force majeure notice, and at regular intervals thereafter, the parties must consult in good faith and use reasonable endeavours to agree on the steps to be taken and the appropriate plan for those steps, to enable continued provision of the Services affected by the force majeure event.
- 15.4 The parties must at all times following the occurrence of a force majeure event, and for its duration, use their respective reasonable endeavours to prevent and mitigate the effects of the force majeure event. If Supplier due to a force majeure event is prevented from deliver the Services, Supplier must at the request of Customer and against payment of time and material spent, take reasonable steps in accordance with good industry practice to overcome

or minimise the consequences of the force majeure event.

16 TERM AND TERMINATION

16.1 Term

16.1.1 The term of the Agreement (and any licenses and/or subscription services granted hereunder) is set out in the Agreement (“Term”).

16.1.2 If not specified in the Agreement, the Term shall be unlimited in time until a party terminates the Agreement by applying a three (3) months’ notice period.

16.2 Termination for convenience (in Danish: opsigelse)

16.2.1 The Agreement may be terminated for convenience by either party with 3 months prior written notice to the end of a month. Such termination shall have effect for the future only, and no payments already made to shall be repaid.

16.3 Termination for cause

16.3.1 Each party shall be entitled to immediately terminate the Agreement for cause (in Danish: “ophæve”):

16.3.1.1 if the other party commits a material breach of the Agreement, and such material breach has not been remedied within 30 days of receipt of a written notice from the non-breaching party to do so,

16.3.1.2 if the other party commits a material breach of the Agreement, which is not capable of remedy, including Customer’s and/or End User creating

problems, legal liabilities (whether they are actual or potential), infringing intellectual property rights, engaging in fraudulent, immoral or illegal activities, or for other similar reasons.

16.3.1.3 in the event of bankruptcy of the other party, subject to the right of the bankruptcy estate to enter the Agreement to the extent permitted under the Danish Insolvency Act (in Danish: "Konkursloven"); or

16.3.1.4 to the extent required to do so by law.

16.3.2 Termination for cause shall have effect for the future only, and no Service Fee or other payments already made to Supplier shall be repaid.

17 CUSTOMER DATA

17.1 Customer is liable for Customer's and the End Users's data ("Customer Data") and use hereof in the Services. Customer grants to Supplier a non-exclusive right to process Customer Data (including personal data) solely to provide and support the Services in accordance with the Agreement.

17.2 Customer holds all rights, including intellectual property rights to Customer Data.

17.3 Customer is responsible for ensuring proper backup of Customer's Data.

17.4 Customer is liable for and shall indemnify and hold Supplier harmless from and against any infringement caused by Customers Data or Customers Content of any third party right or any other non-compliance with applicable law.

17.5 Supplier will only store data and information from Customer in connection with Customers use of the Service to the extent technically required to provide the Service. Customer Data and Customer Content will only be collected and used by the Supplier to improve the Service for the Customer.

17.6 Supplier does not store any outcome of Customer's use of the Service. I.e. it will not be possible for Customer to request Supplier to provide previous translations delivered to Customer through the Service.

18 PERSONAL DATA

18.1 If Supplier undertakes to process personal data on behalf of Customer (as a data processor), the parties must enter into a separate data processor agreement.

18.2 The parties are individually liable for fees & fines imposed pursuant to article 83 of the General Data Protection Regulation.

19 CONFIDENTIALITY

19.1 Each party must observe complete confidentiality regarding any information and documentation etc. about the other party in every respect as obtained in relation to the Agreement and the Services. This clause applies regardless of termination of the Agreement for any reason.

19.2 Each party may disclose confidential information to its representatives, including legal advisors, consultant etc. if the disclosure is necessary for legal advisors, consultant etc. to perform

their roles or professional functionality in relation to the Agreement or the Services. A party may further disclose confidential information to the extent that it is required to do so by mandatory law or regulation, or by an enforceable order of a court or public authority acting within the scope of its powers.

19.3 The confidentiality obligations do not cover:

- g) information known or which becomes known to the receiving party without obligation of confidentiality;
- h) information which is independently developed by the receiving party;
- i) information which is known to the general public.

19.4 Personal information subject to privacy laws is not per se confidential information.

20 ASSIGNMENT

20.1 The Customer shall have no right to sell/rent out/lend or in any other way

transfer or assign the right to use the Service or any right or obligation under the Agreement to any third party, except from the use for the End Users as specified in the Agreement.

20.2 Supplier reserves the right to transfer its rights and obligations under the Agreement in whole or in part to a third party.

21 GOVERNING LAW AND JURISDICTION

The Agreement is governed by and construed under the laws of Denmark without reference to conflict of laws principles. All disputes arising out of or related to the Agreement will be subject to the exclusive jurisdiction the Courts of Copenhagen.

SCHEDULE 4

DATA PROCESSING AGREEMENT

Standard Contractual Clauses

For the purposes of Article 28(3) of Regulation 2016/679 (the GDPR)

between

Customer (as specified in the SAAS Agreement)
(the data controller)

and

LanguageWire A/S (as specified in the SAAS Agreement)
(the data processor)

each a 'party'; together 'the parties'

HAVE AGREED on the following Contractual Clauses (the Clauses) in order to meet the requirements of the GDPR and to ensure the protection of the rights of the data subject.

1. Table of Contents

2. PREAMBLE 13

3. THE RIGHTS AND OBLIGATIONS OF THE DATA CONTROLLER..... 13

4. THE DATA PROCESSOR ACTS ACCORDING TO INSTRUCTIONS 14

5. CONFIDENTIALITY 14

6. SECURITY OF PROCESSING 14

7. USE OF SUB-PROCESSORS 15

8. TRANSFER OF DATA TO THIRD COUNTRIES OR INTERNATIONAL ORGANISATIONS 16

9. ASSISTANCE TO THE DATA CONTROLLER 17

10. NOTIFICATION OF PERSONAL DATA BREACH 18

11. ERASURE AND RETURN OF DATA..... 18

12. AUDIT AND INSPECTION 18

13. THE PARTIES’ AGREEMENT ON OTHER TERMS 19

14. COMMENCEMENT AND TERMINATION..... 19

15. DATA CONTROLLER AND DATA PROCESSOR CONTACTS/CONTACT POINTS..... 20

APPENDIX A INFORMATION ABOUT THE PROCESSING..... 21

APPENDIX C INSTRUCTION PERTAINING TO THE USE OF PERSONAL DATA 24

APPENDIX D THE PARTIES’ TERMS OF AGREEMENT ON OTHER SUBJECTS 28

2. PREAMBLE

1. These Contractual Clauses (the Clauses) set out the rights and obligations of the data controller and the data processor, when processing personal data on behalf of the data controller.
2. The Clauses have been designed to ensure the parties' compliance with Article 28(3) of Regulation 2016/679 of the European Parliament and of the Council of 27 April 2016 on the protection of natural persons with regard to the processing of personal data and on the free movement of such data and repealing Directive 95/46/EC (General Data Protection Regulation).
3. In the context of the provision of services as specified in the agreement between the parties (the "SAAS Agreement"), the data processor will process personal data on behalf of the data controller in accordance with the Clauses.
4. The Clauses shall take priority over any similar provisions contained in other agreements between the parties.
5. Four appendices are attached to the Clauses and form an integral part of the Clauses.
6. Appendix A contains details about the processing of personal data, including the purpose and nature of the processing, type of personal data, categories of data subject and duration of the processing.
7. Appendix B contains the data controller's conditions for the data processor's use of sub-processors and a list of sub-processors authorised by the data controller.
8. Appendix C contains the data controller's instructions with regards to the processing of personal data, the minimum security measures to be implemented by the data processor and how audits of the data processor and any sub-processors are to be performed.
9. Appendix D contains provisions for other activities which are not covered by the Clauses.
10. The Clauses along with appendices shall be retained in writing, including electronically, by both parties.
11. The Clauses shall not exempt the data processor from obligations to which the data processor is subject pursuant to the General Data Protection Regulation (the GDPR) or other legislation.

3. THE RIGHTS AND OBLIGATIONS OF THE DATA CONTROLLER

1. The data controller is responsible for ensuring that the processing of personal data takes place in compliance with the GDPR (see Article 24 GDPR), the applicable EU or Member State¹ data protection provisions and the Clauses.
 2. The data controller has the right and obligation to make decisions about the purposes and means of the processing of personal data.
-

3. The data controller shall be responsible, among other, for ensuring that the processing of personal data, which the data processor is instructed to perform, has a legal basis.

4. THE DATA PROCESSOR ACTS ACCORDING TO INSTRUCTIONS

1. The data processor shall process personal data only on documented instructions from the data controller, unless required to do so by Union or Member State law to which the processor is subject. Such instructions shall be specified in appendices A and C. Subsequent instructions can also be given by the data controller throughout the duration of the processing of personal data, but such instructions shall always be documented and kept in writing, including electronically, in connection with the Clauses.
2. The data processor shall immediately inform the data controller if instructions given by the data controller, in the opinion of the data processor, contravene the GDPR or the applicable EU or Member State data protection provisions.
3. If the data controller gives an unlawful instruction the data processor can decline to follow the unlawful instructions. If the data processor follows the unlawful instruction the data controller is responsible for consequential damages including claims cf. D.2.

5. CONFIDENTIALITY

1. The data processor shall only grant access to the personal data being processed on behalf of the data controller to persons under the data processor's authority who have committed themselves to confidentiality or are under an appropriate statutory obligation of confidentiality and only on a need to know basis. The list of persons to whom access has been granted shall be kept under periodic review. On the basis of this review, such access to personal data can be withdrawn, if access is no longer necessary, and personal data shall consequently not be accessible anymore to those persons.
2. The data processor shall at the request of the data controller demonstrate that the concerned persons under the data processor's authority are subject to the abovementioned confidentiality.

6. SECURITY OF PROCESSING

1. Article 32 GDPR stipulates that, taking into account the state of the art, the costs of implementation and the nature, scope, context and purposes of processing as well as the risk of varying likelihood and severity for the rights and freedoms of natural persons, the data controller and data processor shall implement appropriate technical and organisational measures to ensure a level of security appropriate to the risk.

The data controller shall evaluate the risks to the rights and freedoms of natural persons inherent in the processing and implement measures to mitigate those risks. Depending on their relevance, the measures may include the following:

- a. Pseudonymisation and encryption of personal data;

- b. the ability to ensure ongoing confidentiality, integrity, availability and resilience of processing systems and services;
 - c. the ability to restore the availability and access to personal data in a timely manner in the event of a physical or technical incident;
 - d. a process for regularly testing, assessing and evaluating the effectiveness of technical and organisational measures for ensuring the security of the processing.
2. According to Article 32 GDPR, the data processor shall also - independently from the data controller - evaluate the risks to the rights and freedoms of natural persons inherent in the processing and implement measures to mitigate those risks. To this effect, the data controller shall provide the data processor with all information necessary to identify and evaluate such risks.
 3. Furthermore, the data processor shall assist the data controller in ensuring compliance with the data controller's obligations pursuant to Articles 32 GDPR, by *inter alia* providing the data controller with information concerning the technical and organisational measures already implemented by the data processor pursuant to Article 32 GDPR along with all other information necessary for the data controller to comply with the data controller's obligation under Article 32 GDPR.

If subsequently - in the assessment of the data controller - mitigation of the identified risks require further measures to be implemented by the data processor, than those already implemented by the data processor pursuant to Article 32 GDPR, the data controller shall specify these additional measures to be implemented in Appendix C.

7. USE OF SUB-PROCESSORS

1. The data processor shall meet the requirements specified in Article 28(2) and (4) GDPR in order to engage another processor (a sub-processor).
2. The data processor shall therefore not engage another processor (sub-processor) for the fulfilment of the Clauses without the prior general written authorisation of the data controller.
3. The data processor has the data controller's general authorisation for the engagement of sub-processors. The data processor shall inform in writing the data controller of any intended changes concerning the addition or replacement of sub-processors at least 30 days in advance, thereby giving the data controller the opportunity to object to such changes prior to the engagement of the concerned sub-processor(s). Longer time periods of prior notice for specific sub-processing services can be provided in Appendix B. The list of sub-processors already authorised by the data controller can be found in Appendix B.
4. Where the data processor engages a sub-processor for carrying out specific processing activities on behalf of the data controller, the same data protection obligations as set out in the Clauses shall be imposed on that sub-processor by way of a contract or other legal act under EU or Member State law, in particular providing sufficient guarantees to implement appropriate technical and organisational measures in such a manner that the processing will meet the requirements of the Clauses and the GDPR.

The data processor shall therefore be responsible for requiring that the sub-processor at least complies with the obligations to which the data processor is subject pursuant to the Clauses and the GDPR.

5. A copy of such a sub-processor agreement and subsequent amendments shall - at the data controller's request - be submitted to the data controller, thereby giving the data controller the opportunity to ensure that the same data protection obligations as set out in the Clauses are imposed on the sub-processor. Clauses on business related issues that do not affect the legal data protection content of the sub-processor agreement, shall not require submission to the data controller.
6. The data processor shall agree a third-party beneficiary clause with the sub-processor where - in the event of bankruptcy of the data processor - the data controller shall be a third-party beneficiary to the sub-processor agreement and shall have the right to enforce the agreement against the sub-processor engaged by the data processor, e.g. enabling the data controller to instruct the sub-processor to delete or return the personal data.
7. If the sub-processor does not fulfil his data protection obligations, the data processor shall remain fully liable to the data controller as regards the fulfilment of the obligations of the sub-processor. This does not affect the rights of the data subjects under the GDPR - in particular those foreseen in Articles 79 and 82 GDPR - against the data controller and the data processor, including the sub-processor.

8. TRANSFER OF DATA TO THIRD COUNTRIES OR INTERNATIONAL ORGANISATIONS

1. Any transfer of personal data to third countries or international organisations by the data processor shall only occur on the basis of documented instructions from the data controller and shall always take place in compliance with Chapter V GDPR.
2. In case transfers to third countries or international organisations, which the data processor has not been instructed to perform by the data controller, is required under EU or Member State law to which the data processor is subject, the data processor shall inform the data controller of that legal requirement prior to processing unless that law prohibits such information on important grounds of public interest.
3. Without documented instructions from the data controller, the data processor therefore cannot within the framework of the Clauses:
 - a. transfer personal data to a data controller or a data processor in a third country or in an international organization
 - b. transfer the processing of personal data to a sub-processor in a third country
 - c. have the personal data processed in by the data processor in a third country
4. The data controller's instructions regarding the transfer of personal data to a third country including, if applicable, the transfer tool under Chapter V GDPR on which they are based, shall be set out in Appendix C.6.

5. The Clauses shall not be confused with standard data protection clauses within the meaning of Article 46(2)(c) and (d) GDPR, and the Clauses cannot be relied upon by the parties as a transfer tool under Chapter V GDPR.

9. ASSISTANCE TO THE DATA CONTROLLER

1. Taking into account the nature of the processing, the data processor shall assist the data controller by appropriate technical and organisational measures, insofar as this is possible, in the fulfilment of the data controller's obligations to respond to requests for exercising the data subject's rights laid down in Chapter III GDPR.

This entails that the data processor shall, insofar as this is possible, assist the data controller in the data controller's compliance with:

- a. the right to be informed when collecting personal data from the data subject
 - b. the right to be informed when personal data have not been obtained from the data subject
 - c. the right of access by the data subject
 - d. the right to rectification
 - e. the right to erasure ('the right to be forgotten')
 - f. the right to restriction of processing
 - g. notification obligation regarding rectification or erasure of personal data or restriction of processing
 - h. the right to data portability
 - i. the right to object
 - j. the right not to be subject to a decision based solely on automated processing, including profiling
2. In addition to the data processor's obligation to assist the data controller pursuant to Clause 6.3., the data processor shall furthermore, taking into account the nature of the processing and the information available to the data processor, assist the data controller in ensuring compliance with:
 - a. The data controller's obligation to without undue delay and, where feasible, not later than 72 hours after having become aware of it, notify the personal data breach to the competent supervisory authority, at the place of the data controller's domicile, unless the personal data breach is unlikely to result in a risk to the rights and freedoms of natural persons;
 - b. the data controller's obligation to without undue delay communicate the personal data breach to the data subject, when the personal data breach is likely to result in a high risk to the rights and freedoms of natural persons;
 - c. the data controller's obligation to carry out an assessment of the impact of the envisaged processing operations on the protection of personal data (a data protection impact assessment);
 - d. the data controller's obligation to consult the competent supervisory authority, at the place of the data controller's domicile, prior to processing where a data protection impact

assessment indicates that the processing would result in a high risk in the absence of measures taken by the data controller to mitigate the risk.

3. The parties shall define in Appendix C the appropriate technical and organisational measures by which the data processor is required to assist the data controller as well as the scope and the extent of the assistance required. This applies to the obligations foreseen in Clause 9.1. and 9.2.

10. NOTIFICATION OF PERSONAL DATA BREACH

1. In case of any personal data breach, the data processor shall, without undue delay after having become aware of it, notify the data controller of the personal data breach.
2. The data processor's notification to the data controller shall, if possible, take place within 48 hours after the data processor has become aware of the personal data breach to enable the data controller to comply with the data controller's obligation to notify the personal data breach to the competent supervisory authority, cf. Article 33 GDPR.
3. In accordance with Clause 9(2)(a), the data processor shall assist the data controller in notifying the personal data breach to the competent supervisory authority, meaning that the data processor is required to assist in obtaining the information listed below which, pursuant to Article 33(3)GDPR, shall be stated in the data controller's notification to the competent supervisory authority:
 - a. The nature of the personal data including where possible, the categories and approximate number of data subjects concerned and the categories and approximate number of personal data records concerned;
 - b. the likely consequences of the personal data breach;
 - c. the measures taken or proposed to be taken by the controller to address the personal data breach, including, where appropriate, measures to mitigate its possible adverse effects.
4. The parties shall define in Appendix C all the elements to be provided by the data processor when assisting the data controller in the notification of a personal data breach to the competent supervisory authority.

11. ERASURE AND RETURN OF DATA

1. On termination of the provision of personal data processing services, the data processor shall be under obligation to delete all personal data processed on behalf of the data controller and certify to the data controller that it has done so unless Union or Member State law requires storage of the personal data.

12. AUDIT AND INSPECTION

1. The data processor shall make available to the data controller all information necessary to demonstrate compliance with the obligations laid down in Article 28 and the Clauses and allow for

and contribute to audits, including inspections, conducted by the data controller or another auditor mandated by the data controller.

2. Procedures applicable to the data controller's audits, including inspections, of the data processor and sub-processors are specified in appendices C.7. and C.8.
3. The data processor shall be required to provide the supervisory authorities, which pursuant to applicable legislation have access to the data controller's and data processor's facilities, or representatives acting on behalf of such supervisory authorities, with access to the data processor's physical facilities on presentation of appropriate identification.

13. THE PARTIES' AGREEMENT ON OTHER TERMS

1. The parties may agree other clauses concerning the provision of the personal data processing service specifying e.g. liability, as long as they do not contradict directly or indirectly the Clauses or prejudice the fundamental rights or freedoms of the data subject and the protection afforded by the GDPR.

14. COMMENCEMENT AND TERMINATION

1. The Clauses shall become effective on the date of both parties' signature.
2. Both parties shall be entitled to require the Clauses renegotiated if changes to the law or inexpediency of the Clauses should give rise to such renegotiation.
3. The Clauses shall apply for the duration of the provision of personal data processing services. For the duration of the provision of personal data processing services, the Clauses cannot be terminated unless other Clauses governing the provision of personal data processing services have been agreed between the parties.
4. If the provision of personal data processing services is terminated, and the personal data is deleted or returned to the data controller pursuant to Clause 11.1. and Appendix C.4., the Clauses may be terminated by written notice by either party.
5. Signature

These Clauses shall be considered as an integrated part of the SAAS Agreement between the parties and is attached to the SAAS Agreement as an appendix.

These Clauses shall therefore be considered as entered when entering into the SAAS Agreement.

15. DATA CONTROLLER AND DATA PROCESSOR CONTACTS/CONTACT POINTS

1. The parties may contact each other using the following contacts/contact points:
2. The parties shall be under obligation continuously to inform each other of changes to contacts/contact points.

The data controller's contact/contact points is specified in the SAAS Agreement.

The data processor's contact/contact points is the following:

Name	Sebastian Kraska
Position	Data Protection Officer
Telephone	+49 89 1891 7360
E-mail	data_protection@languagewire.com

APPENDIX A INFORMATION ABOUT THE PROCESSING

A.1. The purpose of the data processor’s processing of personal data on behalf of the data controller is:

To deliver the services in accordance with the SAAS Agreement between the parties.

A.2. The data processor’s processing of personal data on behalf of the data controller shall mainly pertain to (the nature of the processing):

Services delivered in accordance with the SAAS Agreement including for example translation, analysing, support etc. as specified in the SAAS Agreement between the parties.

A.3. The processing includes the following types of personal data about data subjects:

The data processor shall process the types of personal data that the data controller directly or indirectly gives the data processor access to, which typically includes:

- Ordinary categories of personal data cf. article 6 of the General Data Protection, incl. the following types of personal data: Name, Address, Age, Email, Phone, Pictures
- The controller responsibility is to secure that the personal data is necessary and limited to the purpose to process the data on behalf of the controller.

A.4. Processing includes the following categories of data subject:

The data processor shall process personal data about the categories of data subjects that the data controller directly or indirectly gives the data processor access to, which typically includes:

Employees, B2B consumers, B2C consumers and vendors

A.5. The data processor’s processing of personal data on behalf of the data controller may be performed when the Clauses commence. Processing has the following duration:

These Clauses shall be effective for the duration of the provision of the services in accordance with the SAAS Agreement and shall terminate automatically when the data processor no longer processes personal data on behalf of the data controller as part of the services.

Appendix B Authorised sub-processors

B.1. Approved sub-processors

On commencement of the Clauses, the data controller authorises the engagement of the following sub-processors:

Entity	Customer no.:	Address	Description of data processing	Transfer of personal data outside the eu/eea
Google Cloud Platform (GCP)	HRB 86891	ABC-Strasse 19, Hamburg, Germany, 20354	Hosting of cloud platform infrastructure services	NO for LanguageWire Translate (Data processing country = Germany)
Microsoft Azure	IE 8256796 U	Microsoft Ireland Operations Limited, One Microsoft Place, South County Business Park, Leopardstown, Dublin 18 , D18 P521, Ireland	Hosting of cloud platform infrastructure services	NO for LanguageWire Translate (Data processing countries = Germany, Denmark)
Sentia Denmark A/S	CVR: 10008123	Copenhagen Region, Lyskaer 3A, 2730, Herlev, Denmark	Private cloud, self-hosted Infrastructure	NO for LanguageWire Translate (Data processing country = Denmark)
Zendesk	CVR: 30801830	989 Market Street, San Francisco, CA 94103	Customer Support services	NO for LanguageWire Translate (Data processing country = Ireland)

The data controller shall on the commencement of the Clauses authorise the use of the abovementioned sub-processors for the processing described for that party. The data processor shall not be entitled - without the data processor's prior notification to the data controller - to engage a sub-processor for a 'different' processing than the one which has been agreed upon or have another sub-processor perform the described processing.

B.2. Prior notice for the authorisation of sub-processors

The data processor's notice of any planned changes in terms of addition or replacement of sub-processors must be received by the data controller no later than thirty (30) days before the addition or replacement is to take effect, in so far this is possible.

Regardless of the above, the data controller accepts that there may be situations with a specific need for such change in terms of addition or replacement of sub-processors with a shorter notice or immediately. In such situations, the data processor will notify the data controller of such change as soon as possible.

If the data controller has any objections to such changes, the data controller shall notify the data processor thereof without undue delay before such change is to take effect. The data controller may only object to such changes if the data controller has reasonable and specific grounds for such refusal.

In case of the data controller's objection, the data controller furthermore accepts that the data processor may be prevented from providing all or parts of the agreed services. Such non-performance cannot be ascribed to the data processor's breach. The data processor will maintain its claim for payment for such services, regardless if they cannot be provided to the data controller.

If the data controller has reasonable and specific grounds to object to the use of a sub-processor the data controller may terminate the entire SAAS Agreement or parts hereof as described in Appendix D.7.

APPENDIX C INSTRUCTION PERTAINING TO THE USE OF PERSONAL DATA

C.1. The subject of/instruction for the processing

The data processor's processing of personal data on behalf of the data controller shall be carried out by the data processor performing the following:

Delivery of services as specified in the SAAS Agreement between the parties.

C.2. Security of processing

The level of security shall take into account:

The data processor implements appropriate technical and organizational measures to ensure a level of security appropriate to the risks associated with the processing activities that the data processor performs for the data controller.

The technical and organizational measures are determined taking into account the current technical level, the implementation costs, the nature, scope, coherence and purpose of the treatment in question, as well as the risks of varying probability and seriousness for the rights and freedoms of natural persons.

In assessing the appropriate level of security, particular account shall be taken of the risks posed by processing, in particular in the event of accidental or unlawful destruction, loss, alteration, unauthorized disclosure of or access to personal data transmitted, stored or otherwise processed.

The data processor is then entitled and obliged to make decisions about which technical and organizational security measures must be implemented in order to establish the necessary (and agreed) level of security.

The data processor shall however - in any event and at a minimum - implement the following measures that have been agreed with the data controller:

The data processor ensures that the data is encrypted in transit throughout the entire flow by means of HTTPS; SSL: TLS, and Encryption at rest (AES-256) for backend services. Pseudonymisation is applied to Meta data, used for analytical and performance monitoring. No personal data is stored after transaction has expired.

- The data processor designs the products to be highly available, fault-tolerant and fault resilient. To achieve this, the data processor follows the industry's best practices which the data processor continuously improve on and review.

The data processors uses active-active / active-passive modes, and actively load balance data and services between availability zones within the data processor's Cloud Service Providers platform (Google Cloud Platform & Microsoft Azure) to minimize the potential impact and recovery time of the data processor's services.

The data processor runs an agile software development lifecycle (SDLC) process.

The data processor pass all software changes through a formalized code review process, which is approved by the relevant Team Lead prior to being released into isolated environments. Upon successful testing and quality assurance, the changes are promoted into production. All of the data processor's development is in-house.

All of the data processor's backend infrastructure ships logs to a centralized solution where they are aggregated, reviewed, and analysed. The data processor does not store logs locally.

The data processor's engineering team and team members are only granted access to the data processor's logs based on their work-related needs.

Examples of logged activities are:

- Application exceptions
- Stack trace
- Performance statistics
- Backend changes and deployments
- Malicious activity and exceptions

The data processor's logs are confidential and not made available outside. The logs are stored in a secure, tamper-proof manner and cannot be manipulated or changed.

C.3. Assistance to the data controller

The data processor shall insofar as this is possible - within the scope and the extent of the assistance specified below - assist the data controller in accordance with Clause 9.1. and 9.2. by implementing the following technical and organisational measures:

At the specific request of the data controller, the data processor, taking into account the nature of the processing, assists the data controller as far as possible by appropriate technical and organizational measures in compliance with the data controller's obligation to respond to requests for data subjects' rights.

If a data subject submits a request for the exercise of his rights to the data processor, the data processor shall notify the data controller without undue delay.

Taking into account the nature of the processing and the information available to the data processor, the data processor, upon specific request, assists the data controller in ensuring compliance with the data controller's obligations in relation to:

- Implementation of appropriate technical and organizational measures
- Security breach
- Notification of breach of personal data security to the data subject
- Conducting impact assessments
- Prior consultations with the supervisory

C.4. Storage period/erasure procedures

Upon termination of the provision of personal data processing services, the data processor shall either delete or return the personal data in accordance with Clause 11.1., unless the data controller - after the signature of the contract - has modified the data controller's original choice. Such modification shall be documented and kept in writing, including electronically, in connection with the Clauses.

C.5. Processing location

Processing of the personal data under the Clauses cannot be performed at other locations than the following without the data controller's prior written authorisation:

Primarily from the data processor or the sub-processors locations including locations under their and their employees' control.

C.6. Instruction on the transfer of personal data to third countries

The data processor is only allowed to transfer personal data to a country outside the European Union or EEA (a “Third Country”) or an international organization located in a Third Country as further specified below.

C.6.1 General approval of transfer of personal data to secure Third Countries

With the Clauses, the data controller provides a general and prior approval (instruction) for the data processor to transfer personal data to Third Countries if the European Commission has determined that the Third Country/the relevant area/the relevant sector has a sufficient level of protection.

C.6.2 Approval of transfer to specific recipients of personal data in Third Countries subject to appropriate safeguards

The data controller instructs the data processor to transfer personal data to Third Countries when necessary in order for the data processor to deliver the service in accordance with the SAAS Agreement, including by using the listed sub-processors transferring personal data to Third Countries as described in Appendix B. Furthermore, the data processor shall be entitled to transfer personal data to Third Countries if the data controller’s acts result in such a transfer.

The data processor is only allowed to transfer data to a Third Country if the data processor, prior to the transfer, has secured the adequate safeguards to ensure compliance with applicable Danish data protection law, incl. the General Data Protection Regulation.

If the data controller under the employed safeguards is required to be a direct contractual party to an agreement, e.g. the European Commission’s Standard Contractual Clauses for the transfer of personal data to Third Countries, the data processor and the data processor’s sub-processors shall be authorized to conclude such agreement on behalf of the data controller.

If the Standard Contractual Clauses are used as transfer basis, the data controller will be considered as the “data exporter” as stated in the Standard Contractual Clauses. When personal data is transferred to the mentioned sub-processors in appendix B, the data controller agrees to be obligated by the obligations for the data exporters in accordance with the Standard Contractual Clauses.

In case the European Commission completes new Standard Contractual Clauses subsequent to the formation of the original Standard Contractual Clauses, the data processor is authorized to renew, update and/or use the Standard Contractual Clauses in force from time to time.

The content of these Clauses shall not be deemed to change the content of such safeguards, incl. the European Commission’s Standard Contractual Clauses. If the data controller does not in the Clauses or subsequently provide documented instructions pertaining to the transfer of personal data to a third country, the data processor shall not be entitled within the framework of the Clauses to perform such transfer.

C.7. Procedures for the data controller’s audits, including inspections, of the processing of personal data being performed by the data processor

Pursuant to Articles 24 and 28 of the General Data Protection Regulation, the data controller is entitled and obliged to monitor the data processor’s processing of personal data on behalf of the data controller. The data controller’s monitoring of the data processor may consist in one of the following actions from the data controller:

- Self-checking based on documents provided to the data controller by the data processor,
- Written inspection, or
- Physical inspection.

C.7.1 Self-checks

The data processor shall annually obtain for its own account an audit report of type ISAE 3402 or equivalent from an independent third party concerning the data processor's compliance with the GDPR, data protection provisions of other Union or national law and the Clauses.

The data controller may ask questions regarding supervision to the data processor and the data controller can, at his or her request, access a range of documents for the purpose of self-checking, including:

- A description of the physical and organisational security measures at the data processor
- Risk assessment - of shared infrastructure (firewall, backup, etc.)
- IT security policy
- The data processor's contingency plans.

C.7.2 Written inspection and physical inspection

The data controller may choose to carry out an inspection either as a written inspection or as a physical inspection. The inspection may be carried out by the data controller and/or in cooperation with a third party. An inspection must be based on the security measures agreed between the parties.

Procedure and reporting of written inspection or physical inspection:

- The data controller shall contact the data processor by email to data_protection@languagewire.com with request for a written inspection and/or a physical inspection.
- At written inspections the data controller shall give notice to the data processor hereof without undue delay,
- At physical inspections the data controller shall arrange a date for the inspection in advance with the data processor.
- The data processor confirms receipt and confirms the date for such inspection.
- The inspection is made.
- The data controller drafts a report that is subsequently sent to the data processor.
- The data processor will review the draft report and provide potential comments to the data controller's observations (can be repeated several times).
- The final report is concluded by the data controller.
- The inspection is ended.

C.8. Procedures for audits, including inspections, of the processing of personal data being performed by sub-processors

The data processor regularly audits its sub-processors using a risk-based approach based on the best practices for such audits generally applied from time to time. Such may include review of audit reports, use of questionnaires and other appropriate means.

If the competent supervisory authority makes an inspection e.g. because of a data breach the costs related to the inspection and the time lies on the controller.

The data processor hosts services with Google Cloud Platform, MS Azure & Sentia.

- Google Cloud Platform is SOC 1, SOC 2, SOC 3 and ISO 27001 certified. More details about Google Cloud Platform's compliance can be found on <https://cloud.google.com/security/compliance>
- Microsoft Azure is SOC 1, SOC 2, SOC 3 and ISO 27001 certified. Specific details about Microsoft Azure's compliance programs can be found on <https://docs.microsoft.com/en-us/azure/compliance>.
- Sentia is ISAE 3402 certified.

Google Cloud Platform, Microsoft Azure and Sentia have designed their data center infrastructures to provide optimum availability while ensuring complete customer privacy and segregation.

APPENDIX D THE PARTIES' TERMS OF AGREEMENT ON OTHER SUBJECTS**D.1 - In general**

In relation to the data processor's processing of personal data on behalf of the data controller, the parties have agreed on the specific terms outlined below.

In case of discrepancy between the Clauses and the terms laid down in this appendix D, appendix D shall take precedence.

D.2 - Consequences of the data controller's unlawful instructions

The data controller is aware that the data processor depends on the data controller's instructions to which extent the data processor is entitled to use and process personal data on behalf of the data controller.

If the data controller's instruction is considered as unlawful according to the data processor's reasonable evaluation the data processor is able to end further processing than storage until the data controller gives supplementary instruction on whether the processed personal data once again can be processed legally or if the personal data shall be handed over or deleted. The data processor's end of processing in such situations cannot lead to breach of these Clauses or the parties SAAS Agreement.

The data processor is not liable for any claims arising from the data processor's acts or omissions, to the extent such acts or omissions are a direct data processing activity exercised in accordance with the data controller's instructions and if the data processor is held liable or sanctioned the data controller shall hold the data processor harmless.

D.3 - Implementation of other security measures

The data processor is entitled to implement and maintain other security measures than what has been specified in the Clauses and Appendix C.2, however, provided that such other security measures as a minimum provide the same level of security as the described security measures.

D.4 - Provisions regarding a beneficiary third party in connection to sub-processors

The parties have agreed that Clause 7.6 of the Clauses (as specified below) shall not apply between the parties.

Thus, the following text shall be deleted from the Clauses: *"The data processor shall in his agreement with the sub-processor include the data controller as a third-party beneficiary in the event of the bankruptcy of the data processor to enable the data controller to assume the data processor's rights and invoke these as regards the sub-processor, e.g. so that the data controller is able to instruct the sub-processor to perform the erasure or return of data."*

D.5 - Use of sub-processors supplying on standard terms

Regardless of Clause 7 it is emphasized that if the data processor uses a sub-processor, who provides services on its own terms, which the data processor cannot deviate from, the sub-processor's terms for such processing performed by such sub-processor will apply. If processing is subject to a sub-processor's terms, this will be specified in Appendix B, and such standard terms will be forwarded to the data controller at the data controller's request.

With these Clauses, the data controller accepts and instructs that such specific processing activities are based on the sub-processor's terms.

D.6 - The data controller's objection to a sub-processor

If the data controller has any objections to the application of a sub-processor, the data controller shall notify the data processor thereof without undue delay before such change is to take effect as described in Appendix B.2. The data controller may only object to such changes if the data controller has reasonable and specific grounds for such objection.

In case of the data controller's objection, the data controller furthermore accepts that the data processor may be prevented from providing all or parts of the agreed services according to the SAAS Agreement. Such

non-performance cannot be considered as breach of contract. The data processor will maintain its claim for payment for such service, regardless of whether the service can be provided to the data controller.

However, the data controller may terminate the SAAS Agreement with a 30 days' written notice to the end of a month with respect to those aspects of the service that cannot be provided without the use of the sub-processor. Any prepaid payments covering the remainder of the term of the SAAS Agreement following the expiry of the termination period will be refunded to the data controller. The data controller may furthermore terminate the entire SAAS Agreement with a 30 days' written notice to the end of month if the data processor is prevented from providing all of the agreed services in accordance with the SAAS Agreement. Any prepaid payments following the expiry of the termination period will be refunded to the data controller.

D.7 - Compensation

The data processor is entitled to receive reasonable payment for time spent as well as other direct costs incurred by the data processor relating to assistance and services provided by the data processor to the data controller. Such assistance and services may include but is not limited to assistance and service described in Clause 9, 10, 12, C.3 and C.7, changes to the instruction, cooperation with supervisory authorities etc.

The compensation is calculated on the basis of the time spent and the agreed hourly rates in the SAAS Agreement regarding the data processor's provision of services to the data controller, and if no hourly rates have been agreed on, the data processor's current hourly rates will be applied, with the addition of any cost paid, including also cost to be paid by the data processor for the assistance of sub-processors.

If the data processor's assistance and/or service leads to claims for increased security measures to be observed in relation to agreement regarding the data processor's provision of services to the data controller and Appendix C, the data processor will, as far as possible, implement such additional security measures pursuant to further agreement with the data controller, provided that the data processor receives payment for such work. The data processor shall furthermore be entitled to receive payment for the implementation of other security measures if the data processor's ongoing evaluations leads to increased requirements for such security measures compared to the Clauses regarding the data processor's provision of services to the data controller. The data processor will introduce and implement such additional security measures pursuant to further agreement with the data controller.

Regardless of the above a party does not have the right to claim compensation for assistance, service or implementation of changes to the extent where such assistance or changes are a direct consequence of the party's own breach of these Clauses.

D.8 - Limitation of liability

The limitation of liability in the SAAS Agreement applies to the data processor's processing of the personal data under these Clauses, including with regard to art. 82 of the General Data Protection Regulation.
